Exciting New Spaces

We have also been creating some amazing spaces around school.

We have turned our PE storage room into a new conference room with new ICT facilities.

Plus we have a new POD in the garden, a multi-purpose facility; a meeting room, small classroom and Head Teacher's *hideaway*!

Wanderers Under 11s Football Tournament

Primary pupils took part in the football tournament, for a lot of the pupils it was their first sporting competition and their behaviour and attitude was outstanding. They worked hard for each other, but more importantly they had fun. We also had the opportunity to look around SAFC Foundation's new facility, the Beacon of Light. Four of our Key Stage 4 pupils also helped at the event, 1 of whom, James, completed his Durham FA referee course and is waiting for his documents so he can begin to referee in the community.

Epina y Business and Enterprise School News

Class 9 - Walk for Water

In Geography Class 9 have been studying water and have looked at how we use water in the UK and compared it with countries that are classified as "Water Scarce". They watched a video by the charity WaterAid who provide clean safe drinking water and toilets for different locations around the world. It showed children having to walk up to 8 miles a day just to get water for their families. This water would be often make them ill because it wasn't very clean.

The students were given the task to carry and walk with a bucket of water for 30 minutes around the school field.

"I dropped most of my water which means my family would die of thirst." Dylan

"It's not fair that people have to live in those conditions. We should do more to help them." Charlotte

"It was hard work, but it was worth it to know what some children have to do every day." Jamie.

Café Epina y visit Pizza Express

Catering students visited Pizza Express at the Metrocentre to learn how to make 'the perfect' pizza. Everyone enjoyed the visit finding out lots of information, making and tasting pizzas!! We found out that each tin of tomato passata that they use has 167 tomatoes and 2 Basil leaves in, Pizza Express was founded in 1965 and that the biggest producer of tomatoes is ... China.

"Teamwork exists because it's needed, and each part is necessary to make the magic happen."
