should you need any additional support or guidance when doing phonics with your child.

Maths

**Primary** - how many people do you live with? How many legs is that? How many toes? Fingers? What about your pets? I have 2 cats, how many legs is that? How many ears?

**Secondary** - doubling and halving, how interesting can you make it?

Half your socks?

Double of your t-shirts?

Half of the tea bags?

Try these equations for me

Number of people in house x legs = ?

Number of people in house x fingers = ?

Can you create a question for me to answer? Post it on facebook and I will have a go

PSHE

I've been asking you all week to think about others, their differences and their families.

Today tell me about YOU!

I know loads of great things about you but **what do you think is great about you?** What makes you lucky? What skills do you have that make you great? What is great about being part of your family?

Share this with your family, and me in any way you wish to.

Have a great weekend, stay great, share your greatness.

And of course I shall finish on a song!

One of my favourite uplifting songs and Miss Vincent has helped me with a sing and sign version, enjoy.

Here Comes the Sun – The Beatles -
