## Art

Now that you have studied shading techniques and how to create texture; it's time to show off your learning.

**Your task is to do an observational drawing (in pencil) of some items in your home and show off how you can use your pencil to create a 3D effect, light, shade and texture.**

We look forward to seeing your artwork! Take a look at the examples for inspiration.

## English and Wellbeing

Think about your favourite memory.

- Where were you?
- Who else was there?
- Why did you enjoy it so much?
- How does it feel thinking about it?

Why not ask other people in your home what their favourite memory is and ask them the same questions.

### My Favourite Memory

Where were you?	Who else was there?
Why did you enjoy it so much?	How does it feel thinking about it?

## Maths

Addition to 20 speed activity. See attached image for questions. **Can you time yourself? How long did it take you to answer the questions?**

### Addition and Subtraction Facts to 20 – Speed Test

See how long it takes you to complete all of these or give yourself a set amount of time (say 5 mins) and see how many you can do.
